SUPERINTENDENT'S REPORT OF THE WATER AND SEWER WORKS

To the Water and Sewer Commissioners and Citizens of
Hinsdale:

I herewith submit the following report.

The Glen street and river crossing extension were installed very satisfactorily.

We were fortunate to be able to finish this project under present conditions.

At the present time we have 320 users on the system.

I feel it might be interesting to know how much water was filtered during the year 1941 which is as follows.

Gallons filtered for month of:

January,	2,579,000
February,	2,447,400
March,	2,894,900
April,	2,205,100
May,	2,663,600
June,	2,312,300
July,	2,261,900
August,	2,549,200
September,	2,236,700
October,	2,012,800
November,	1,846,600
December,	2,174,500

During the larger months of filtering the plant was running about eleven hours per day.

I have attended several of New England and New Hampshire Water Works Association meetings on defense training for water works operations.

In closing this report I wish to thank the Commissioners and Selectmen for their cooperation during the past year.

Respectfully submitted,

CHARLES W. HARRIS,

Superintendent.

--------	-------------

Free visits,	1,493
Paid visits,	772

Miss Honora M. Kelly, R. N., concluded her duties on January 15, 1942 and I was appointed as substitute to take over the duties of the Red Cross Nurse in this community.

The nursing Service has been busy throughout the year. A considerable amount of corrective work has been done among the school children.

The annual physical examination of all pupils was conducted in September and October by Dr. Edmund Lachaine, assisted by Miss H. Kelly. Each pupil found to have a physical defect was reported to parents by the examining physician and throughout the year efforts were made to have these defects corrected.

CORRECTIVE WORK DONE DURING THE YEAR

Tonsil and adenoid clinic, Dr. Eades, Elliot Community hospital,	12
Dental work, Dr. Whittaker, Keene, N. H., Dr. Thompson, local,	11
Orthopedic clinic, Dr. Lee, Elliot Community hospital,	3
Tuberculosis clinic, Dr. Kerr, Elliot Community hospital,	6
Oculist (glasses obtained), Dr. Eades, Elliot Community hospital,	20
Home visits and parent consultations.	368

Through the sponsoring of a Milk Fund by the Local Branch, milk is again being distributed in the Bridge Street school. Children who can do so, pay three cents daily, those unable, receive the milk through the Fund.

Last March, First Aid was taught to the Girl Scouts and classes in Home Hygiene and Care of the Sick were conducted by Miss Kelly to the High school students and adult women of this community. Plans are under way to start another class in Home Hygiene and Care of the Sick in the near future.

The baby conferences which are held every Wednesday afternoon have been well attended. All parents whose babies are found to need medical advice or attention are requested to see their physician.

The Nursing Service was visited by Miss Iva Torrens, Nursing Field Representative, American Red Cross, Alexandria, Virginia on October 30 and 31st and by Miss Elizabeth Murphy of the State Department of Education, Concord, N. H., on January 15, 1942.

At this time I wish to thank the members of the Local Red Cross Committee, the Physicians, School Board, Teachers, Health Officer and the community as a whole for the cooperation and assistance given in promoting the work of the Red Cross Nursing Service.

Respectfully submitted,

FRANCES M. SIKOSKI, R. N.

HINSDALE BRANCH A. R. C.

The first, in first aid classes was given last spring. Mr. William Burnell of Keene, instructing, the second class is under the direction of Mr. Ernest Croteau of Keene and is about completed.

Surgical Dressings and equipment for three first aid stations are under way, the money for same given by the Town and this equipment will be for Town Civilian Defense use in case of emergency or disaster, with all committees ready to function.

The women of the town have completed the British Relief quota with 678 garments made and articles donated. They now are engaged in knitting and sewing for domestic purposes.

Prices for the nursing service, all visits 75c, assisting OBS \$5.00, visits to mother and baby \$1.00. Free service is given to those unable to pay.

All Red Cross drives have been very liberally donated to, and the membership exceeds that of any previous year.

Meetings held the second Friday in every month, any suggestion to better the efforts of the committee would be gratefully received.

We wish to thank all who have contributed in any way to make the work a success, and with such loyal cooperation, we will be able to carry on successfully the work allotted to us in the uncertain time ahead.

LENA H. O'NEAL,
Secretary.

The library has continued with the same high circulation of the last ten years. Many readers have left town but others have moved here, keeping the list of readers at about 1,000. Hinsdale has a circulation of 18 books per capita. More children use the library each year and the circulation of children's books continues to increase.

We have purchased fewer books this year because an effort has been made to save enough money to buy a new adult encyclopedia, the latest one in use now was published in 1916. This will be added at once with the balance of this year's funds and a small amount to be taken from the coming year. The interest from trust funds is less each year.

With funds given by a former trustee, a \$100 Defense Bond has been purchased.

In October penny postcards were sent to the 30 boys at that time in the service asking them to keep in touch with their local library if possible and over 20 sent replies. This month about 50 picture cards are being sent those in the service.

The librarian attended the District Meeting at Winchester and was elected chairman for the ensuing year. She also attended the A. L. A. meeting in Boston in the spring and a number of sessions of the Book Fair in Boston.

Respectfully submitted.

MUSIC SUPERVISOR'S REPORT

I herewith respectfully submit my first annual music report.

Organization: The music program reaches every pupil in grades one through eight and pupils in the high school have the opportunity to sing in the Glee Club, play in the band, or both. in addition to having, at least, one private or class lesson each week if they are instrumental players.

Grades one through eight have music supervision once a week as well as their regular every day singing lesson. In this time, pupils are taught singing, music theory, and appreciation. They hear instrumental demonstrations.

Conferences with grade school teachers are for the purpose of discussing the music programs in the grades. At the Plains and Monument schools, a similar procedure is followed by supervised singing every two weeks.

At present, the Glee Club has an enrollment of forty-eight pupils. The instrumental department has an enrollment of thirty-eight.

Past Events: On November 11, the band participated in an Armistice Day program at the Town Hall. At an assembly program on November 26, the band had a major part in the program. The Sunday following the return from Christmas vacation, January 11, saw the band giving a concert at the

Congregational Church at the request of Mr. Hood. An American flag was presented to the band by the American Legion of Hinsdale on January 27.

On November 18, the band and Glee Club together arranged to have the Keene a cappella Choir sing at Hinsdale. It was a fine concert.

Events to come will be the New Hampshire Music Festival at Claremont May 14, 15, and 16 and the New England Music Festival at Keene November 18, 19, 21, and 22. The band will also play at the Senior Fair on February 20.

The main event for which all the music organizations in the grade school and the high school, including a new seventh and eighth grade Junior Glee Club, are preparing is the spring concert. All pupils in grades one through eight will participate as well as the band and Glee Club.

Instrumental Situation: There are many pupils who wish to participate in the instrumental program, but these pupils are not able to do this because of a lack of instruments or funds to purchase them. The band has acquired several instruments from town people. As soon as more equipment is available, more students can and will be added to the instrument program.

The music appreciation course has shown much progress in music appreciation and theory. We have started a fine library of classical music and we hope that it will grow steadily. The school's combination radio and phonograph is very valuable to our music courses, and it also furnishes music for the social events held at the school.

I wish to express my appreciation to the School Board, Superintendent Walker, Headmaster Lees, the faculty, and the people of Hinsdale for their fine cooperation.

Respectfully submitted,

JOSEPH G. JONES,

Supervisor of Music.

REPORT OF THE HEADMASTER OF THE HIGH SCHOOL

To the Superintendent of Schools:

It is a distinct privilege to submit my first annual report as Headmaster of the Hinsdale High School.

Inasmuch as the consensus of opinion among leading educators tends toward the lengthening of the class period in secondary schools, it was deemed advisable to reconstruct the schedule of Hinsdale High School to conform with this trend. Consequently, we began this year by operating on a six-period day as contrasted to the seven-period day of a year ago. This made it possible to increase the morning periods from 50 minutes to 60 minutes in length and the afternoon periods from 50 minutes to 55 minutes in length.

The longer period provides for supervised study where the pupils may obtain help from the subject-matter teacher in charge. There is less need for home-work since a considerable part of the work can be done during school time.

In these critical times the faculty and pupils of Hinsdale High school are unanimous in feeling that they should shoulder their share of the responsibility for national defense. The commercial department, in particular, under the very able direction of Miss Bessie Spanos, is doing a great deal of work in the defense effort. A vast amount of typewritten and mimeographed material has been made available to the towns-

people and defense workers of Hinsdale by the efficient work of our commercial department.

Although we hope that such will never be the case, it is possible that Hinsdale might be subjected to an air raid. In view of this fact, after due and careful deliberation, it was thought advisable to evacuate the school in that eventuality. Mr. Morris Smith very graciously volunteered to plan a scheme of evacuation which is in effect here at the present time. We have had several air raid drills and they were effectively carried out.

The mechanic arts department is contributing in no small measure to the defense effort. Under Mr. Lerandean's capable guidance, the boys have built a sturdy and practical table for the control center in the town hall. Hinsdale can well be proud of this particular piece of work, for few towns of our size can boast anything comparable.

Several other projects have been completed by the mechanic arts department. Included among these are the building of scenery for the Senior Fair, repairing and improving the science laboratory, aiding in the construction of an incinerator for the school and installing two showers in the basement. Our general shop course fulfills the requirements for eligibility for federal aid under the Smith-Hughes Act.

We are fortunate to have with us this year a full-time supervisor of music. Mr. Joseph Jones has made considerable progress with the school band. A decided improvement can be noted in its technique. Vocal instruction is also being given from the first grade through the twelfth. Incidentally, Mr. Jones is also dramatic coach of the high school and is directing the Senior play.

Another newcomer to the Hinsdale High school faculty is Miss Rosalie Beaubien of the Home Economics department. Under her supervision, this department has been improved to the extent that we are now eligible for federal aid in two of her courses. If we are fortunate enough to be granted supplies by the Surplus Commodities Commission, Miss Beaubien intends to inaugurate a hot lunch program for those pupils who are unable to go home during the noon hour.

The departmental form of instruction is functioning for the sixth grade. Miss Shirley Mayhew, although primarily the sixth grade teacher, is thus able to teach History to the seventh and eighth grades, since she meets the requirements for teaching in the junior high school. The sixth grade, meanwhile, is receiving the benefit of having more than one teacher and of going to more than one room for their studies.

Miss Esther Carnegie is doing an efficient piece of work in the fields of English and the languages. Our college preparatory students are in good hands.

The social studies are being taught by Miss Doris Beaudreault. These subjects are considered by many leaders in Education to be the core of the secondary school curriculum. Miss Beaudreault is particularly skilled in utilizing the unit of instruction in her classes. This conforms with the recommendations of the State Department of Education in Concord.

The recess period of a year ago has been continued. The women teachers alternate in taking charge of the girls and Mr. Smith devotes his time to the boys.

There are three Hinsdale High school pupils who participate in the NYA program. This number is quite large in relation to our total enrollment. These pupils are a tremendous help in the office where they perform many tasks of a clerical nature. These NYA workers, plus the added aid of the commercial department as a whole, do a great deal of the routine office work necessary in the administration of the school.

An automobile drivers' course is being given with Mr. Lerandean as instructor. This course, which is sponsored by the state, is intended to teach pupils how to operate an automobile safely and efficiently. It has proved to be a popular addition to our regular curriculum.

At the present time we are attempting to start an evening course for out of school rural youth between the ages of 17 and 25. This course, also under Mr. Lerandean's direction, will include sheet metal work, forging and simple welds.

We regret that Miss Honora Kelley is no longer with us. Her Sympathetic attitude and keen interest in the physical well-being of the pupils will be sorely missed.

At the same time, we welcome Miss Frances Sikoski who is taking Miss Kelley's place. A graduate of Hinsdale High school, she is in a position to do a great deal of good for her school.

The physical plant is in excellent condition and is being kept so by our janitor, Mr. Fred Latham.

Parents are cordially invited to visit the school at any time to discuss mutual problems with the faculty.

In conclusion, I wish to say that I appreciate the friendly spirit and cooperative attitude of the pupils, faculty, parents, superintendent, and Hinsdale School Board. My first year in Hinsdale has been most pleasant.

Respectfully submitted,

CHESTER C. LEES,

Headmaster.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Hinsdale:

I have the honor to submit my fourth annual report.

Teachers: Only two changes are to be noted on the regular staff during the summer. Mr. Cleon B. Johnson resigned in June after an extended service as Headmaster of the Hinsdale High school. The School Board elected Mr. Chester C. Lees, a graduate of Harvard and Brown Universities, to succeed him. Miss Marion Hall resigned as Home Economics teacher. Her place was taken by Miss Rosalie Beaubien, a graduate of Massachusetts State College.

Mr. Joseph Jones was elected full-time supervisor of music in the Hinsdale schools. He is a graduate of the Ithaca School of Music. His work has been primarily in the field of instrumental instruction. His annual report records the aims and accomplishments in this field to date.

Shortly before the Christmas vacation, Mrs. Rosetta Lowe became ill and her place at the Plains school has been ably filled by Mrs. Ismay Campbell. It is expected that Mrs. Lowe will be able to return for the spring term.

The work of all of the teachers has been of high grade and excellent results have been obtained in various fields of study.

Headmaster Lees' annual report is commended to your attention for the details of administration and supervision of the activities in the High school.

Buildings and Grounds: In addition to the annual repair work in the school buildings during the summer vacation, a fence was erected at the Bridge Street school to more adequately protect the children from traffic hazards.

All of the Hinsdale school buildings are in good physical condition and their upkeep has been maintained on a high level by efficient janitor service.

Instructional Activities: The policies of last year have been continued in emphasizing the importance of such fundamental subjects as penmanship, reading, arithmetic and spelling. This year, the stress has been put on spelling and monthly administrative tests have revealed an increasing efficiency in this subject.

Schools in War Time: This country is at war and the schools must make many adaptations for complete, intelligent, and enthusiastic cooperation in the war effort. Our local school officials have given serious attention to some of the most important of these services, such as:

1. Protecting school children and property against attack by providing shelters against air raids and by providing adequate safeguards against fire.

2. Promoting health and physical efficiency of the school children by stressing systematic and vigorous follow-up work by the school nurse after the physical examinations by the doctor and by introducing a physical education program into the schools.

3. Conserving materials and eliminating all forms of waste in the use of school supplies such as books, paper, pencils, etc.

4. Stimulating the democratic way of living by teaching the ideals of democracy by word and deed in the various activities of the school.

In conclusion, I wish to express my appreciation to the teachers and pupils, to the School Board, and to the parents and patrons of our schools for their loyalty and cooperation.

Respectfully submitted,

CHARLES W. WALKER,

Superintendent of Schools.
